

SmartVRS helps you in having upto-date information on your vendors and ensures qualified vendors are only considered for prompt supplies...

SmartVRS is a 100% web based Vendor Registration System that helps corporate who deals with many vendors for multiple of their raw materials.

Vendors can logon to the **SmartVRS** system through the web site of the corporate and provide their details. **SmartVRS** has configurable information gathering system with which the corporate can collect any type information at any point of time.

On any vendor getting registered, system will allocate a registration number and the same data will be sent for approval to the configured personnel of the corporate. Approvers can approve or reject the vendor against specific products. Vendors will be notified of their status by email. Further, for approved vendors system will generate Vendor Ids.

“With **SmartVRS**, all the details of vendors are at mouse click and communicate with them with ease...”

Product Features

- ◆ Vendor Master
- ◆ Internal Users
- ◆ Products / Categories
- ◆ Vendor Registration
- ◆ Vendor Approval
- ◆ Announcements / News
